CHANGING
LIVES
THROUGH POSITIVE RADIO

CFC Broadcasting Network, Inc., is an innovative communications network comprised of radio, television and internet stations across the nation. With its strong sincere determination to change lives, CFC Broadcasting Network, Inc. has developed a network of Positive, Urban Inspirational Radio and Television Shows. Our platform was created to produce positive Inspirational entertainment for our youth, young adults and young at heart, all around the nation. We aim to inspire people to live a better life, a focused life, a changed life. We want to send the message of Christ through our radio and television shows. I encourage you to explore our website and learn more about our networks.

OUR MISSION: Our mission is to attack the negative influence our youth are being exposed to, through positive radio, television, internet, and events. Our youth is our number one concern. Our determination to change the influence is our drive and motivation. The youth is our priority with CFC Broadcasting Network. We will change lives with positive radio!

OUR METHOD: Our method to produce this change is through Crunk for Christ Radio, Crunk TV, and Crunk Magazine. Crunk for Christ Radio is an Urban Inspirational Radio Network, that plays Holy Hip Hop, Rhythm & Praise, with a little tast of tradition. Our network is comprised of radio shows that speak to our youth and young adults. With its positive music, fun shows, and community outreach, Crunk For Christ Radio will make the difference needed to produce change in our youth, young adults and young at heart. Crunk TV is an Urban Inspirational Television Network that produces movies and shows that deal with real life issues and circumstances. It is the message in our content that will prompt positive change. Another method is our S.W.A.G. program. S.W.A.G stands for Students Willing to Achieve Greatness. The S.W.A.G program is a Internship program that will train our youth in broadcasting, audio engineering, producing, and being a live on air radio personality, the program is 5 months long. The S.W.A.G. program will also provide employment for students who pass the course and graduate from college in the field of Communication, Broadcasting, Journalism, or Audio Engineering. Our requirements to get in the program are easy; however, the requirements to stay in the program truly keep our youth and young adults from getting in trouble while achieving greatness in school. The program also provides counseling, field trips, and large group fun nights during weekends to assist with keeping our youth busy, active, and involved in positive events..

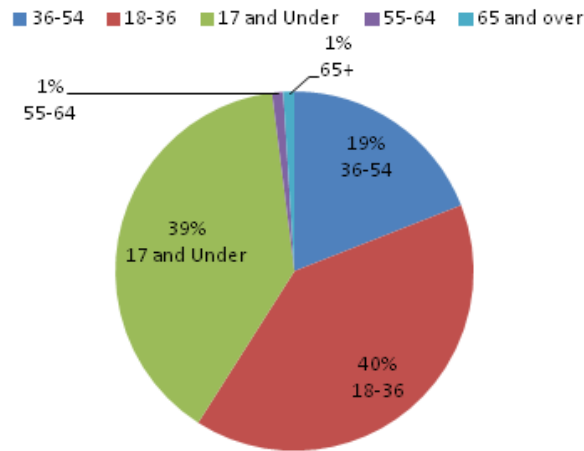

OUR AUDIENCE: We are currently reaching over 6,400,000 listeners, with over 49,000 daily online listeners. Our Broadcasting Networks include: Ustream, Spreaker, TuneIn Radio, C4C, 105.3 FM Benton Harbor, Mich., 105.3 FM Southbend Indiana, 102.9 FM Greenville, South Carolina, and Pure Connect Satellite Radio.
